DIRECTOR OF CENTRAL INTELLIGENCE  
Committee on Imagery Requirements and Exploitation  
Washington, DC 20505

DCI/ICS-83-4663  
19 December 1983

Major General William R. Usher, USAF  
Commander, Lowry Technical Training Center  
Lowry AFB, Colorado 80230

Dear General Usher:

On behalf of the COMIREX, I wish to express my appreciation and gratitude for the hospitality furnished to us during our visit to the Lowry TTC and other facilities in the Denver area on 15 and 16 November 1983.

The briefings on imagery intelligence training and the Armed Forces Air Intelligence Training Center (AFAITC) were informative and impressive. It helped enforce the fact to our Committee members that in spite of the highly technical nature of today's advanced intelligence collection systems they cannot be fully effective without the continuing support of trained intelligence personnel such as are provided to the Community from the outstanding training programs at AFAITC.

I commend the services of 1st Lt. Calvin D. Stewart who served as project officer. He ensured that our lodging and transportation needs were satisfactory and timely. This enabled us to successfully accomplish our busy schedule while in Denver. Please pass my appreciation to Lt. Stewart and all of the officers and Airmen who supported our visit.

Sincerely,

[Signature Box]

Chairman
